

### **The remote curriculum: what is taught to pupils at home?**

When children are being educated at home the first day of learning might look different from our standard provision, while we take all necessary actions to prepare for a longer period of remote teaching.

### **What should my child expect from immediate remote education in the first day or two of children being sent home?**

From the first full day that children are at home, you will be provided with learning that matches the in-school tasks through Seesaw. Learning will focus as much as practically possible on a full day's learning that is equivalent to school based learning. Some lessons may be on TEAMS so that children can interact better with their teacher. If this is the case, your child's teacher will let you know.

### **Following the first few days of remote education, will my child be taught broadly the same curriculum as they would if they were in school?**

As a school, we will work to ensure that we continue to provide a full school day of learning that would reflect your child's usual school day. Please see our remote learning policy for more detail.

### **Throughout the period of remote learning the school will:**

- ◆ Share timetables with parents to enable scheduling of remote learning which can be found on your child's curriculum year group page on our website.
- ◆ Where some curriculum areas might be tricky to provide in the same way as we would at school, we will access and share other national video resources such as Oak National Academy
- ◆ We will continue to work with professionals to provide interventions where practically possible such as ELSA and Speech and language.

### **How long can I expect work set by the school take my child each day/ week?**

It is our ambition to reflect the school based Timetable, therefore over the course of the week your child will receive the following Live support through Teams and Seesaw/Tapestry which is broken down into daily sessions in accordance with the published Timetables:

EYFS- Evidence Me	Key Stage 1- Seesaw	Key Stage 2-Seesaw
In EYFS children will be provided with be at least:	In KS1 children will be provided with at least:	In KS2 children will be provided with at least:
<ul style="list-style-type: none"> <li>◆ 5 Phonics tasks</li> <li>◆ 5 Reading and Writing task</li> <li>◆ 5 Mathematics tasks</li> <li>◆ Discovery tasks</li> </ul>	<ul style="list-style-type: none"> <li>◆ 5 Phonics tasks</li> <li>◆ 5 Reading and Writing tasks</li> <li>◆ 5 Mathematics tasks</li> <li>◆ 1 Science task</li> <li>◆ Topic tasks</li> <li>◆ PSHE and RE tasks</li> <li>◆ PE and music tasks</li> </ul>	<ul style="list-style-type: none"> <li>◆ 5 Reading tasks</li> <li>◆ 5 Writing tasks</li> <li>◆ 5 Mathematics tasks</li> <li>◆ Topic tasks</li> <li>◆ Science tasks</li> <li>◆ 1 MFL task</li> <li>◆ PSHE and PE tasks</li> <li>◆ PE and music tasks</li> </ul>

- ◆ Where possible children with specific support e.g. EHCP plans, will have their provision delivered via personalised learning tasks on Seesaw.

### **How will my child access any online remote education you are providing?**

We will continue to use the platforms in school that we already use to support learning. In EYFS, this is EvidenceMe and in KS1 and KS2 this is Seesaw. All parents, carers and children have a unique code to log into the platform. As a school we will continue to use these platforms for homework and other activities throughout the year to ensure children and parents are confident with the use of these in the event that we need to close a bubble, cohort or majority of the school.

For live support, all children have a Microsoft Account with a unique username and password. Live support will be provided through MS Teams. Teachers will send 'Teams invites' to your child's MS account to invite them to the live support session in accordance with the Timetable shared.

### **If my child does not have digital or online access at home, how will you support them to access remote education?**

We recognise that some children may not have suitable online access at home. We take the following approach to support those children to access remote education:

- ◆ We have a number of devices allocated to use from the DfE that we can loan to parents during this time. Should you need a device, please contact the school office.
- ◆ When possible, we will work with network providers to support parents to access internet, including the top up of data allowances
- ◆ Should parents need a pack of learning printed, please contact the school office who will work with teachers to arrange for a pack of learning to be created- the school office will support the delivery/ collection of this
- ◆ Each year group continues to have a year group email account where parents can send screen shots or photographs of your child's learning if parents wanted to do so, eg;  
[year3@newhorizonsprimaryschool.org.uk](mailto:year3@newhorizonsprimaryschool.org.uk)

### **What are your expectations for my child's engagement and the support that we as parents and carers should provide at home?**

We expect our children to fully engage with remote learning unless they are poorly or unable to engage for other reasons. We are completing a daily register. Please telephone the school office if your child needs to be marked as absent due to sickness.

It is important that children continue to follow the school day routines, as demonstrated within the Timetables shared, to help them to continue to make progress during this period of remote learning.

Where a child is not engaging, or is not engaging at the standard that we would expect from them, we will contact families to understand the barriers and provide support to alleviate these.

Throughout any period of remote learning, it is essential that you continue to work with the school to ensure that your child is able to successfully return to face-to-face learning when it is safe to do so.

If local restrictions allow and we believe it is absolutely necessary, the school will also visit the family home to ensure that we are able to ascertain any issues relating to remote learning as well as your family well-being and provide support where practically possible.

### **How will you assess my child's work and progress?**

Teachers will offer feedback via seesaw throughout the school day.

### **How will you work with me to help my child who needs additional support from adults at home to access remote learning?**

## Remote Learning- What to expect

We recognise that some children, for example some children with SEND, may not be able to access remote education without support from adults at home. We acknowledge the difficulties this may place on families, and we will work with parents and carers to support those children in the following ways:

- ◆ Support staff will continue to provide intervention materials for children through Seesaw and where possible Teams
- ◆ Where children have a specific plan, we will endeavor to provide these in a virtual environment
- ◆ Children with EHCPs should be in school where it is safe to do so, we will endeavor to provide the support outlined on the plan. Where children with EHCPs are learning from home, we will upload interventions through Seesaw
- ◆ We will signpost families to these for further support for areas such as SEMH (Social Emotional and Mental Health) needs, parenting questions or school nurse enquires.
- ◆ Parents may also request contact from the SENDCo to seek advice and support where needed- please contact the school office

### **Remote Education for shielding or individual children who are self-isolating**

Where individual children need to self-isolate but the majority of their peer group remains in school, children will be signposted to Oak Academy.
